

# Privacy Policy

---

Effective date: 14 October 2026 | <https://4fcapital.tech/privacy-policy>

## 1. Who we are

4F Capital L.L.C-FZ ("4F", "we", "us" or "our") operates <https://4fcapital.tech> (the "Website") and is responsible for the personal data it processes for the purposes described in this Privacy Policy.

Registered address: Meydan Grandstand, 6th Floor, Meydan Road, Nad Al Sheba, Dubai, United Arab Emirates

Privacy contact: [contact@4fcapital.tech](mailto:contact@4fcapital.tech)

This Privacy Policy describes how we handle personal data in connection with visits to the Website and enquiries submitted through the "Write to us" contact form. Applicable UAE personal data protection rules include Federal Decree-Law No. 45 of 2021, to the extent applicable.

## 2. Personal data we collect

Contact-form enquiries. If you write to us through the Website, we receive your email address, your message, and your name if you choose to provide it. We may also retain our replies and related correspondence.

Technical and security data. When the Website is accessed, infrastructure and security systems may process an IP address, browser or device type, requested pages, request timestamps and technical signals necessary for delivery, troubleshooting and abuse prevention.

Please do not send identity documents, payment card details, financial account credentials, passwords, or sensitive personal information in a general enquiry.

## 3. Purposes and basis of processing

We process personal data for the following limited purposes:

- receiving and responding to enquiries you choose to send us;
- maintaining relevant business correspondence;
- delivering, securing and maintaining the Website and preventing abuse;
- meeting applicable legal obligations and protecting lawful rights.

Where processing relies on consent, we obtain it through an affirmative action and you may withdraw it by contacting us. Certain processing may also be necessary to respond to your request, protect the Website, or comply with applicable law, where permitted.

We do not use enquiries to send unsolicited marketing communications, and we do not sell visitors' personal data.

## 4. Who may receive personal data

Where necessary for the purposes above, personal data may be handled by the following categories of recipients, acting on our behalf or providing necessary services:

- website hosting, content delivery, network infrastructure and cybersecurity service providers;
- business email and electronic communications service providers;
- IT support or security personnel acting under appropriate access controls;
- competent public authorities, professional advisers or other recipients where required or permitted by applicable law.

These categories may include recipients located within or outside the United Arab Emirates. We limit access to the data reasonably necessary for each purpose. Further information about relevant recipients may be requested using the contact details below, subject to applicable law.

## 5. International processing and safeguards

Because the Website and business email services use international infrastructure, technical data and enquiry communications may be transmitted to, stored in or accessed from countries outside the United Arab Emirates.

Any such transfers must be carried out under an applicable legal basis and with safeguards required by UAE law, which may include appropriate contractual, technical and organisational measures or another legally permitted mechanism. You may contact us for information about the safeguards applicable to your data.

## **6. Cookies and analytics**

At launch, the Website does not use visitor analytics, advertising pixels or behavioural marketing trackers.

Strictly necessary technical mechanisms, such as security tokens or cookies used to maintain website availability and protect against misuse, may be used when required by the Website infrastructure. We do not use such information to build advertising profiles.

If we introduce non-essential analytics, tracking, embedded services or cookies that require consent, we will update this Policy and implement the applicable notice and consent controls before enabling them.

## **7. Data retention**

We keep enquiry correspondence for as long as reasonably necessary to respond and maintain relevant records. Our standard retention period for ordinary enquiries is up to 12 months after the last meaningful interaction, unless a longer period is justified by a legal obligation, ongoing business matter or lawful claim.

Technical and security records are retained for limited periods based on their operational purpose and the applicable infrastructure settings. We review retained information and delete or anonymise it when no longer needed, subject to legal requirements.

## **8. Data security**

We use reasonable technical and organisational safeguards appropriate to the information handled, including secure website transport, access controls and restrictions on the disclosure of enquiry information. No electronic system can be guaranteed to be completely secure.

## **9. Your rights**

Subject to applicable law and relevant exceptions, you may request information about our processing, ask for access to personal data concerning you, request correction or deletion, ask for processing to be restricted, object where applicable, and withdraw consent where processing is based on consent.

To submit a privacy request, email [contact@4fcapital.tech](mailto:contact@4fcapital.tech). We may need to verify your identity before responding. You may also raise a complaint with the competent data protection authority where applicable.

## **10. Changes to this Policy**

We may update this Privacy Policy to reflect changes to Website operations or legal obligations. The effective date at the top indicates the version currently published.
